The screenshot shows the Keeper application interface. On the left is a dark blue sidebar with a menu icon at the top, followed by a yellow 'Create New' button and several menu items: 'My Vault', 'Identity & Payments', 'Security Audit', 'BreachWatch', and 'Deleted Items'. The main header area contains the 'KEEPER' logo, a search bar, and 'Secure Add Ons' with a user profile icon. Below the header, the 'Identity & Payments' section is active, with a yellow '+ Payment Card' button. The 'Payment Cards' sub-section is selected, showing a card icon and the text 'Securely store Payment Card information to quickly fill online forms.' The right-hand side features a 'New Payment Card' form with fields for 'Card Title', 'Card Number' (masked with '0000 0000 0000 0000'), 'Expiration Month' (set to 'Month'), 'Expiration Year' (set to 'Year'), and 'Security Code' (set to '000'). Below these are fields for 'Cardholder Name' (set to 'Name on Card') and 'Billing Address' (set to 'Add Billing Address'). A 'Default' toggle switch is turned on. At the bottom right of the form are 'Save' and 'Cancel' buttons. The footer shows 'encryption! ON' on the left and 'Help Privacy Policy' on the right.
